Engage with employees in three simple steps — answer, vote, and share results.

1. **Answer | Crowdsour*ce**
   How do we elevate Employee Voice?
   Co-create solutions by inviting everyone to share ideas for addressing the most pressing challenges. Participant experience is intuitive and game-like, and encourages authentic responses to important questions.

2. **Vote | Prioritize**
   How do we focus on what matters most?
   Engage employees in prioritizing solutions by inviting everyone to vote on each other’s anonymous responses. Pairwise voting facilitates rapid collective alignment around the most important actions.

3. **Share | Drive Action**
   How do we drive action?
   Socialize insights to empower leaders to make decisions, take ownership, and drive action. Teams choose how to share results according to organizational and structural priorities.
